ABSTRACT

The nine papers included in this book are: "The Why, What and How of Educational Reform in Japan" (Roger Goodman); "Why Reform Japanese Education?" (William K. Cummings); "Destruction and Reconstruction: A Comparative Analysis of the Education Reform in Japan and Germany under the U.S. Military Occupation After World War Two" (Masako Shibata); "The Third Great Reform of the Japanese Education System: Success in the 1980s Onwards" (Christopher P. Hood); "Japanese Educational Reform: Developments and Prospects at Primary and Secondary Level" (Peter Cave); "Japanese Nationalism and the Reform of English Language Teaching" (Robert W. Aspinall); "Globalisation and the Recent Reforms in Japanese Higher Education" (Yoke Tsuruta); "Changes in Mathematics Teaching in Japan: Are They Real or Rational?" (Julia Whitburn); and "Postscript. Reflections on British Interest in Education in Japan" (David Phillips). (Papers contain references.) (SM)
